

How to Access the Beanstack Mobile App

The Beanstack app is available for iOS and Android. Search for “Beanstack” in your app store. You should see the following:

Download and install the free app. When you open it, you should see a welcome page. Select the “Get Started” button. It will ask if your school or library uses Beanstack. Select the “Yup!” button.

You will see a search page. Type in “free library of springfield township” in the search bar at the top. In the results, select “Free Library of Springfield Township. You will be taken to our library’s reading program. If you’ve already registered on the website, log in with your email and password. If you haven’t registered, you can register on the app; select “Don’t Have an Account? Sign up!” and answer the registration questions.
